TOWN TAKES ON GALA APPEARANCE FOR LIONS FESTIVAL

Lions Expect Thousands Here August 9-10-11

"Fun for All" Is Motto for Big Annual Antioch Merry-Making

Thousands of visitors will make Antioch their Mecca for the big annual Lions Club Antioch Festival that will provide three days of fun and merriment from Friday, August 9, through Sunday evening, August 11.

Today banners and bunting went up on Antioch's main business streets to give the town a gala aspect in anticipation of the festival.

A big "Soap Box Derby" with cash prizes, that is expected to draw youngsters from miles around; a bathing beauty contest; jitterbug contests; water fights; free dancing each evening and on Sunday afternoon on an outdoor floor—these are only a few of the many attractions designed to furnish pleasure for folks of all ages.

Entry blanks for these events are published in this issue of the Antioch News.

Sensational high dives into a net from a 100 ft. regulation fireman's ladder truck will be performed by Capt. E. H. Hugo, high dive specialist, who has been booked for the three days of the festival.

The usual types of carnival rides as well as new rides and various types of free entertainment are other features. Free popicles will be distributed free to the children on Friday afternoon after the Soap Box Derby.

The bathing beauty contest will be held Saturday afternoon, the jitterbug contests Saturday evening and Sunday evening, and the water fights on Sunday afternoon. Capt. Hugo will perform two high dives Friday evening and one each Saturday and Sunday evenings.

Signs on roads leading to Antioch and advertisements and news stories in newspapers of six counties are carrying the invitation of the Antioch Lions to the public to cast care aside and join in the fun at the festival.

Ace Batsmen Subdue Triangle Club, 16-9

The Triangle Club fell before the onslaught of Aces batsmen Sunday 16 to 9 in a game played at Twin Lakes. The 16 hits by the locals netted a run each, and among the hits made by the Aces were four doubles and three home runs, one by H. Wells and a homer by H. Wells, while Dalgard, who played with the Triangles made two circuit clouts.

Antioch will play at New Munster next Sunday.

FESTIVAL BATHING BEAUTY REVUE, JITTERBUG CONTEST NOW OPEN FOR ENTRIES

There are lots of bathing beauties in the lakes region around Antioch—and if you don't believe it, just go to the Antioch Lions Club festival, which will feature a "Bathing Beauty Revue" Saturday afternoon at 2 o'clock.

Mrs. Thomas F. Hunt is accepting entries at the MariAnne shop for this event and also for the "Jitterbug" contest to be held Saturday and Sunday evenings at the festival.

Entry blanks are printed in this issue of the Antioch News for the convenience of persons who wish to enter these events.

There is no age limit for the "Bathing Beauty Revue," the Lions club announces. It is open to all girls and women. There will be no sponsors.

Cash prizes for the winners will be as follows: first prize—\$15.00; second—\$10.00; third prize—\$5.00.

The Jitterbug contest will take place Saturday evening at 8 o'clock, on the dance floor on the festival grounds. A prize of \$10.00 is to go to the best couple.

"Ruffy" and Rudy Will Battle It Out Friday at Grayslake

Ralph "Ruffy" Silverstein, former national inter-collegiate wrestling champion and leading contender for the world's professional mat crown, and rowdy Rudy Kay, Chicago's roughest, wrestling tuff, will settle their differences of a week ago, this Friday night, Aug. 2, in the main event of an all-star heavyweight wrestling card in Peg's Open-Air Arena at Grayslake. A rainstorm of cloudburst proportions last Friday night caused the entire card to be postponed, and the Silverstein-Kay match now is expected to be the most sensational mat spectacle ever witnessed in a Lake county ring.

Ruffy is being brought into the county by popular request on the part of local sportsmen who have been urging wrestling officials to send rough Rudy against someone who can really give him the whipping he deserves for his unruly tactics in local wrestling wars.

Kay has not been pinned in a match at Grayslake for the past two years, although Jim McMillen, Antioch's great mat ace, won over Rudy on a disqualification a month ago when Kay hauled a rock the size of a baseball into the ring with him and attempted to render Big Jim hors d' combat.

The supporting matches on the four-hour card will be unchanged, except that Walter Palmer, flashy A. A. U. wrestling champion, will replace Everett Nelson against the burly Canadian lumberjack, Bully Boy George Kogut.

In the other matches, Chris Zaharias, 225-pound Colorado Greek star, takes on Fred "Legs" Grubmier, Iowa body-scissors specialist, and Bert Rubi, former Hungarian Olympic champion, meets Marshall George, 240-pound human firecracker from Boston.

Antioch F.F.A. Team High At Parish Show

The Antioch Future Farmer dairy judging team placed in second position in a six team competition at the Northern Illinois Guernsey Breeders Picnic and Parish show held at the Dorville farm of Orville S. Caesar near Barrington.

Prof. J. H. Hilton of Purdue University judged the 96 head of Guernsey cattle.

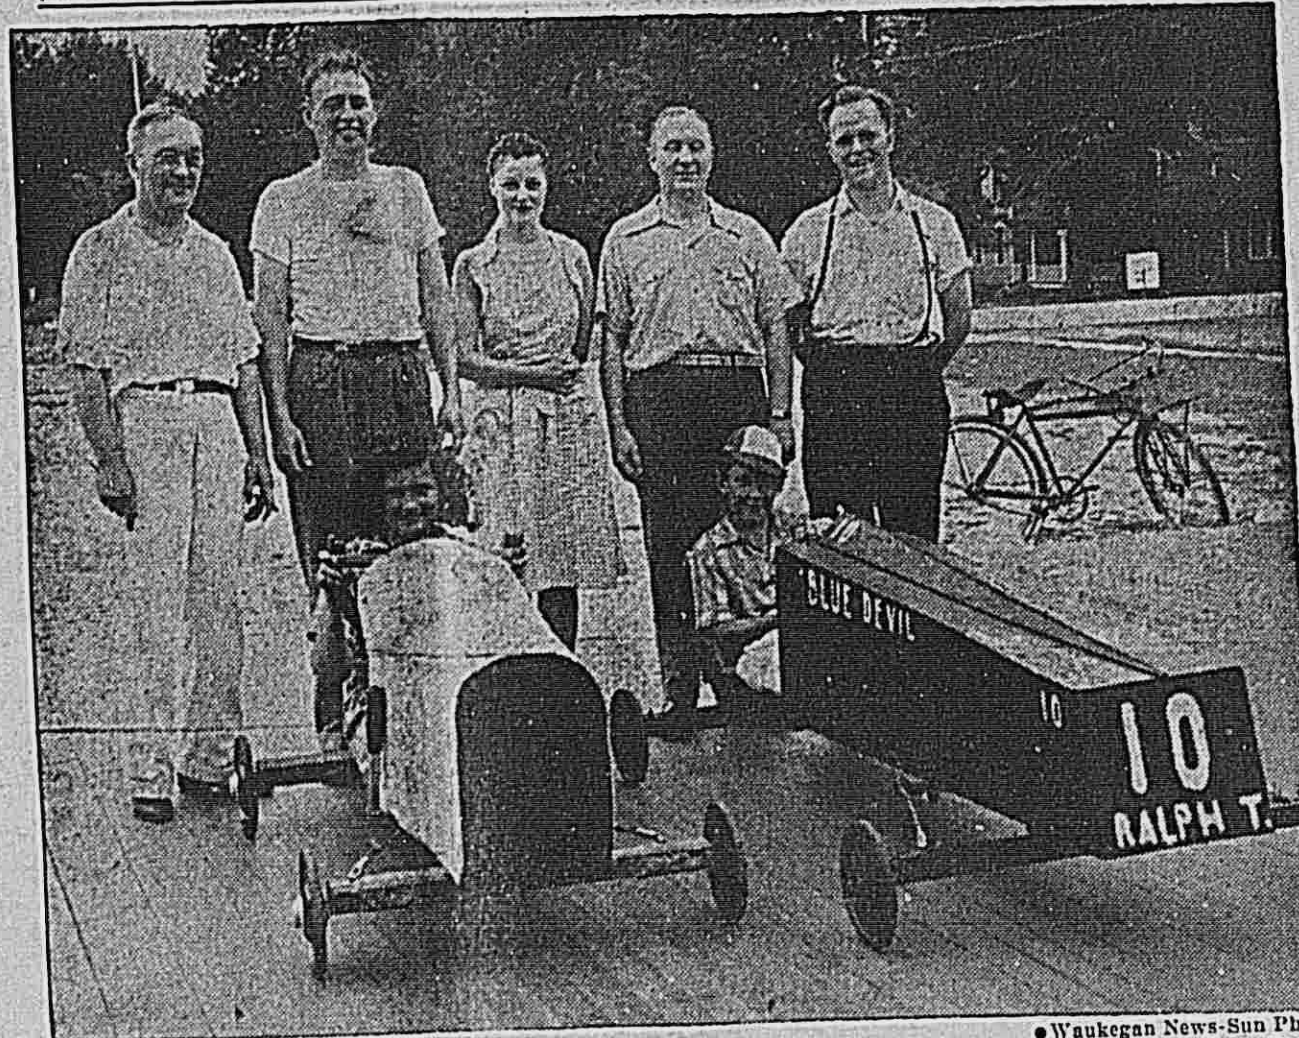

The Antioch team was defeated by Harvard by only 11 points out of a possible 600.

Lawrence Keiser, Richard Truax, and Richard Hartnell made up the local team.

Others from Antioch who attended were Dr. G. W. Jensen, C. L. Kutil, Lloyd Drom, Earl Brixen and Edward Walker. The last three named also took part in the judging contest.

A crew of Lake county highway workers is putting the finishing touches to the new "black top" surface on Grass Lake road this week.

Getting Set to "Go!" in Festival Soap Box Derby

Mary Jean Maples and Ralph Trieger, two of the youthful entrants in the "Soap Box Derby" that will be a highlight of the Antioch Lions Club festival Aug. 9-11, are shown here with the "speedster" they will race on Friday afternoon, Aug. 9. Standing in the rear, left to right, are O. E. Robert, president of the Antioch Lions club, George Wagner, past secretary of the club, Mrs. Hachmeister, who will take part in the bathing beauty contest, Herman Holbek, tail-twister of the club and Howard Gaston, chairman of the publicity committee for the affair. Rules for the "Derby" will be substantially the same as those for the recent national soap box derbies, according to Elmer Rentner, chairman of the committee for the "Soap Box" event. Meanwhile, Claire Kelly's blacksmith and repair shop, and hardware shops and garages about the town are being over-run by youthful "derby" enthusiasts in the quest for materials.

750 Airo Employees Hold Picnic at Camp Lake

Coming from Michigan, Indiana, and Wisconsin, 750 members of the refrigeration and air conditioning industry found relief from one of the hottest days of the year at Airo Supply company's Fifth Anniversary picnic on the shores of Wisconsin's beautiful Camp Lake.

Beneath the shade of huge old elms the crowd consumed 2,160 steins of beer, 1,000 hot dogs, 1,050 bottles of pop, and 40 pounds of pop corn—topping off the afternoon with 23 large watermelons.

The day was a full one for everybody, with swimming, fishing, horse-back riding, dancing, races and contests included in the activities.

The feature of the day was a softball game between refrigeration service men from Illinois and employees of Refrigeration Maintenance Co. of Chicago, for a prize of \$15. Other highlights were a soldering contest, a softball game between Illinois servicemen and servicemen from Indiana and Wisconsin, and a guessing contest.

In addition to valuable awards given contest winners, many useful gifts were distributed by Airo Supply and other firms in the air-conditioning and refrigeration industry. Free balloons, hats, and horns were given to the children.

Specialty installed for the occasion, a public address system kept the crowd informed on proceedings and provided recorded music by the country's leading dance bands.

Saturday Is Circus Day

The Dailey Bros. circus will appear in Antioch for an afternoon and night performance on Saturday, August 3. Dailey Bros. will present an all new program this year, augmented by many new and thrilling features. Of course no circus would be complete without wild animals and Dailey Bros. will not disappoint. Miss Mary Ellen has taught her elephants the art of dancing and the climax of the act is a black bottom contest, which is just as hot as one witnesses on the levee at New Orleans or the wharfs at Charleston.

Dailey Bros. will give two performances, afternoon at 2 and evening at 8. Doors will open one hour earlier. Show grounds on Naber field, on Rte. 173 at Hillside avenue will be used, and free parking will be available for all cars. This being the first circus in several years a record breaking crowd is expected. Popular prices will prevail.

Heat Blamed for Death of John Wolf

Loon Lake Carpenter, 52, Succumbs After Working on Roof

Heat prostration as the result of working on a roof in the intense sunlight was blamed for the death of John Wolf, well known Loon Lake carpenter late Thursday afternoon in the Veteran's hospital at Downey.

The Antioch rescue squad, called to Loon lake, revived Wolf, and he was removed to the hospital. He passed away a short time later, however.

Funeral services were held Saturday from the Strang Funeral home.

Wolf, who was 52, was a son of Andrew and Ida Wolf, pioneer settlers of Loon lake. He came to this country with his parents at the age of 9. He is survived by his brothers, Fred, George and Frank, and by two sisters, Mrs. Carl Barthel (Anne), and Miss Mayme Wolf.

Pet Show Is Planned For Tuesday Afternoon

A pet show is planned for the children on the Recreation Playgrounds next Tuesday afternoon, August 6th, from 2 to 4 p. m.

Participation in the pet show is open to all youngsters who are interested and all young folks and adults who wish to do so may attend.

The children will introduce their own pets and ribbon awards will be presented to the winners. There will be ribbons for the most beautiful, the ugliest, the most unusual, youngest and oldest, the largest and smallest and the pet that performs the best tricks.

Pedersen Farm, 2 Times Winner, Admired by Many

Mr. and Mrs. Alfred J. Pedersen of Route 173, east of Antioch, are receiving many felicitations these days on their winning for the second consecutive year the honor of first place in the annual Farm Floral contest for Lake county.

Mrs. Mary Smart, who received the third place award for the fine appearance of her home just west of Antioch, is also being congratulated by friends.

Photographs of winning farms are to be displayed at the Illinois state fair.

The Pedersens were at first awarded second place last year, through a misunderstanding, but later were notified that they were entitled to first place, and were presented the cash prize and bronze plaque for top honors.

Antioch Model Home Is Triple Insulated

A permanent barrier of rock wool home insulation against hot and cold weather—a "blanket" that protects a house and makes it more comfortable and easier to heat—will be "standard equipment" in the Triple Insulated Guildway home being built at 415 Hardin st., Antioch, in co-operation with the Antioch Housing Guild, Ed Vos of the Antioch Lumber & Coal Co., headquarters, said today.

By following strict Johns-Manville standards of installing the rock wool, Vos declared, the Antioch Lumber Co., builders of the house, will be able to make the Triple Insulated Guildway home as nearly "weather-proof" as modern building science will allow. The result, he said, will be fuel-saving and comfort-giving qualities ordinarily unknown in the home of a decade or so ago; and, in addition, the house will have a greater degree of fire safety.

"The discovery of rock wool, and its development in such laboratories as those maintained by Johns-Manville," Vos stated, "provides one of the most significant examples of the advances achieved in the art of building through the means of industrial research. When first discovered, rock wool was a curiosity of nature—a material found scattered about the base of the Mount Pelee volcano in Hawaii. Today it is manufactured in man-made 'volcanoes' and is used in hundreds of thousands of homes and commercial buildings all over the country.

"In the Triple Insulated Guildway home being built here," Mr. Vos said, "the rock wool is installed in the side walls and in the second floor ceiling of the home in the form of rock wool batts. These batts, of full wall thickness, will act like a blanket—wrapping up the living quarters of the home and serving to check the passage of heat, keeping it inside the house during the cold winter months, and keeping it outside during the summer.

"Rock wool is formed," Mr. Vos said, "when a stream of molten rock is struck by a jet of steam under intense pressure. The material, being composed of nothing but rock, does not attract vermin, is fireproof and rot proof. Properly installed it will last as long as the house, serving throughout the years to make the home more comfortable and rewarding the home owner with smaller fuel bills."

The Triple Insulated Guildway home, a 6-room Colonial with 3½ baths and provision for a future bedroom, is being constructed to illustrate the new Guildway method of home ownership now available to every one interested in any type of new home or (continued on page 8)

Big Summer Sales Event to Attract Throngs

Merchants Offer Many Fine Opportunities to "Save in Antioch!"

Once again Antioch merchants are combining to give to their customers of the lakes region the advantages of substantial savings in the family budget with their big Summer Dollar Days sale Friday and Saturday, Aug. 2 and 3.

Savings offered by Antioch merchants in the big Winter Dollar Days sale held last January brought out throngs of shoppers—during the weekend which was characterized by merchants in many nearby towns and cities as "the worst in years!"

Affording patrons an opportunity to replenish stocks of wearing apparel, household goods, toiletries and many other lines—all at savings that simply can't be passed up!—Antioch's Summer Dollar Days are expected to draw shoppers from far and near.

Show Good Will
Antioch merchants, too, hail the Dollar Days as a method of showing their appreciation for past patronage in a substantial way—by making these great savings possible!

They welcome visitors to their fine, modern stores in "Friendly Antioch," assuring them of courteous treatment and alert service.

Dr. W. A. Biron Attends Chiropractic Convention

Dr. W. A. Biron of Antioch attended educational and scientific sessions of the National Chiropractic association convention which opened in Minneapolis Sunday.

More than 2,000 chiropractors from all parts of the United States took part in the general program of the national meeting which was preceded by three days of business sessions. The seven-day business, technical and educational program is the most complete ever held by the National Chiropractic association.

Public health discussions and consideration of National health problems are among major topics at general meetings. Improvement of posture, new developments in X-ray technique and study of heart conditions are other general subjects under consideration.

Clinics and round table discussions in which Dr. Biron participated, along with leading chiropractors throughout the country, featured the newest scientific and technical development in the chiropractic field.

Governor Harold E. Stassen was a leading speaker at the convention.

Shoppin' with Sylvia

Good news for the wimmin this warm weather is a certain neat little sleeveless and backless frock to be found in one of the Antioch women's wear shops. Of seersucker material, it comes in cool but colorful Paisley-like prints you'll love the fitted bodice and flared skirt Have you tried those little cold cream "capsules" yet? Just the thing to slip into your purse or beach bag, along with a piece or two of cleansing tissue, when you're off for a day's outing you'll find 'em at an Antioch drug store Just the thing for warm summer nights are these cool, abbreviated "sleepers" we saw in one of the village shops a night-time version of "shorts" in dainty, pastel prints, they're something a gal just can't resist and very moderately priced, too For warm weather daintiness, we noticed some good "buys" in soaps, bath crystals, bath powders and colognes . . . in several of the stores.

Gurnee Young Man Is Appointed to FBI Duties

Mr. and Mrs. C. D. Zimmerman of Gurnee have received word from Washington, D. C., that their son, Clare R. Zimmerman, has received an appointment to the Federal Bureau of Investigation. He started his duties yesterday.

Mr. and Mrs. Larry Entikier, Chicago, have left for their home at 1051 Roscoe street after spending a week's honeymoon at Kempf's resort on Petite lake.

The Indispensable Ingredient

Liberties of speech, of religion, of assembly and of personal control over one's own life are taken for granted by Americans, but the majority have no conception of what life would be like if they were withdrawn. . . . We cannot break down free enterprise and the competitive system and expect our present form of government to survive. Private enterprise is indispensable to democracy.

Pulse Jumper-Uppers

Among all the faults we observe in motorists each day, none is so dangerous nor foolhardy as ducking in and out of traffic. In any traffic line there's always a fellow who noses out of his lane, pushes the accelerator to the floor-board, only to squeeze into line again two or three cars ahead of where he started.

Charles M. Hayes, president of the Chicago Motor club, says that the strain this fellow and his ilk create, both on himself and others and the wear and tear on brakes and tires, is a bit out of proportion to the gain he realizes. Mr. Hayes cites a case where two drivers were started over a fifty-block course in Cleveland, one abiding by traffic rules, the other running amber lights and dodging in and out of traffic. When they crossed the finish line, Mr. Burnerup Speedemon was exactly one car-length ahead of the common sense motorist.

Another recent experiment was conducted along much the same lines, this time with several drivers who drove sensibly and another group who were told not to

"spare the horses." The speedy group covered the course in 28 minutes while those who drove within the law took 32 minutes. The speeders registered an average pulse of 112 while the calmer ones' rate was 80. The test showed that when a passing car cut in ahead of the test car, the driver's pulse jumped to 115. This kind of "time-saving" is too silly to be tolerated by any thinking motorist.

Our Solemn Obligation

It is not too early to sound the call to all citizens that they are soon to exercise the most valuable right and solemn duty imposed on Americans by virtue of their citizenship. That is to select which individuals and which party are to govern us for the next four years.

To have to appeal to a man or women to cast their votes is fundamentally wrong and abhorrent to our system of government. An appeal implies a free choice of action. Casting your vote for choice of government is a non-transferable personal obligation. It is a serious responsibility that each voter owes to the United States and all of its citizens and only physical or mental incapacity excuses anyone from discharging it.

The duty is more than to visit a polling booth and mark crosses on a piece of paper. Each voter is obligated to seriously study what each party stands for and to evaluate the ability of each candidate from the viewpoint of which will be best for all of the people of the United States and the country as a whole. Sectional differences, passion, prejudice or selfishness should never be allowed to interfere in the selection of our government.

When election day comes in November, having arrived at a firm conviction, each voter guarding our national interests as he or she would their own, then steps forward and expresses his or her opinion.

To do less than this simple duty is to stand convicted of a moral crime against our own United States, its citizens, neighbors and friends, family and the individual.

WILMOT

Barrington Garden Club Show Fri. Will Benefit Red Cross

The attention of Antioch and Lake Villa flower lovers is being called by Mrs. William M. Marks of Lake Villa to the Garden club show at Barrington, Ill., Friday, Aug. 2. The affair is for the benefit of the Red Cross.

Several of the owners of lovely estates in the vicinity are opening their homes and gardens for the show, which will be from about 1 to 5 p. m. Tea will be served by members of the Barrington Garden club.

Since Barrington is only a 30-minute drive from here, it is expected that quite a number of persons from this vicinity will avail themselves of the opportunity to enjoy the flower show and also to aid a worthy cause.

Mrs. H. Stillson Hart represents the Red Cross in Barrington.

FCY TO MEET AT WINTHROP HARBOR

A meeting of the Federated Christian Youth of Lake county will be held Monday, August 5, at the Methodist church in Winthrop Harbor.

Election of officers for the coming year will be held.

Devotions will be led by Miss Marian Martin of Winthrop Harbor, and a vocal solo by Miss Eleanor Henning of Gurnee.

METHODIST AID TO POSTPONE MEETING

A business meeting which was to have been held by the Ladies' Aid Society of the Antioch Methodist church Wednesday, August 7, is being postponed. The date when it will be held is to be announced later.

AUXILIARY PLANS DESSERT-BRIDGE

A 1 o'clock dessert luncheon, to be followed with bridge and five hundred, is being planned by the Antioch American Legion auxiliary for Wednesday, July 7, at the Roundup restaurant on Highway 21. Tables of pinocle and banco will be arranged in addition to the other games, and there will be table and other prizes. Tickets will be 50 cents, the committee announces.

Mrs. F. Carter Johnson and children, Judy and Charles ("C. B.") of New Orleans are visiting Mrs. Johnson's mother, Mrs. Eleanor Mitchell, at her home at Bluff Lake.

"MIDSUMMER FROLIC" PLANNED BY CLUBS

The Lake County Federation of Women's clubs will hold its annual midsummer frolic at Glen Flora Country club August 14. Luncheon will be served at 12:30 p. m., after which cards will be played.

Reservations will be accepted by Mrs. M. McCullough of Gurnee or Mrs. Thomas F. Hunt, Antioch. Tickets are \$1.00, they announce.

Tables prizes and numerous other prizes will be awarded.

It is hoped by local officers that as many members of the Antioch Women's club and their friends as possible will attend this party.

ST. PETER'S PLANS BIG ANNUAL CARD PARTY AUGUST 15

The various committees in charge of the tremendous amount of work necessary to make the big annual card party of St. Peter's Catholic church August 15 an outstanding success are reporting very favorably to the chairman of the party, the Rev. F. M. Flaherty.

Father Flaherty, pastor of St. Peter's, is making every effort to comfortably take care of the many guests expected August 15.

Refreshments will be served, table prizes and numerous other prizes of unusual value, donated by the merchants of Antioch and surrounding territory, will be awarded during the afternoon.

Severe bruises and shock were suffered by Mrs. A. K. Mueller Tuesday in a fall from the platform of a Chicago street car that suddenly started, causing her to lose her balance. Mrs. Mueller is at St. Luke's hospital in Chicago for a few days treatment. During her absence her sister, Caroline Eklager of Chicago, will be at the Roundup restaurant operated by Mr. and Mrs. Mueller on Highway 21.

Walt Smith of Long Lake has been bar-tending at Bob Hardman's Bluff lake resort since a week ago Sunday. "Walt" will be remembered by many as having worked at the bowling alleys in Grayslake.

"Business is a hundred per cent better than it was last year," says that unquenchable optimist, Proprietor Ed Knickelbein of Herman's resort on Bluff lake. The Cicero Eagles, 1,000 strong, enjoyed an all day outing on a part of the grounds at Herman's Sun-

Dr. Biron Greets 'Posture' Queen

X-ray studies on one-fifth of the Queens of the Lakes contestants at the Minneapolis Aquatennial, midsummer festival, disclose that only about 25 per cent of the girls have nearly perfect backs. Miss Carol Haldon, one of two Posture Queens crowned by the National Chiropractic Association at its convention in Minneapolis, is showing the X-ray picture of her spine to three association representatives. They are, left to right, Dr. W. A. Biron, Antioch, Ill.; Dr. Philip A. Glass, River Falls, Wis.; and Dr. J. W. Klerma, Kenosha, Wis. More than 2,000 delegates from all parts of America are attending the national convention in Minneapolis.

day from 8 a. m. to 10 p. m. Races, games, swimming and boat races were among the amusements. About 4,000 tickets for the Christmas benefit the organization will sponsor in December were sold at this outing. Donations for another 4,000 may be made by business men and other friends of the organization. The Knickelbeins have had three or four picnics on the grounds at their place every Sunday. They plan to hold their own "Herman's Resort Basket Picnic" on Sept. 15. Buses to provide transportation for Chicagoans at that time will leave from 5715 West North avenue at 8 o'clock in the morning.

"Charley" Haling was giving lessons in trap shooting to Ernest Aresnault and Adam Lempe of Chicago Monday afternoon at Haling's resort on Grass lake. Said Charley, "You shoot first, then I'll 'back you up' and bust the clay pigeon—we'll save pigeons that way" . . . which worked pretty well until his pupils got so good they began bagging their own pigeons on the first shot. The score—Adam, 10; Aresnault, 6; Haling, 20.

Charley Grimm, former Cub player and manager who now announces ball games over radio station WJJD was a visitor at Haling's recently.

Several members of the Grass Lake Conservation club enjoyed an all-day fishing trip on Lake Michigan Sunday aboard the privately-owned "Mary Alice," sailing from the 27th street pier. The party followed the shore line north as far as Wilmette, catching a number of perch. Because of rough water, the "Mary Alice" was kept in closer to shore than the party had originally planned. Among those who went on the outing were Mr. and Mrs. Norman Ohlin, Mr. and Mrs. Terry O'Connor, Clara Haling, Ernie Stiehl, Flossie Volkman, Elmer Colkman, Fred Heuer, Walter Manz, Katherine Smith, Ralph Quaintance, Ethel Michaels, Ruth Anderson, William Proehl, Martie Meyer, Don Johnson, and a number from Chicago whose

names could not be ascertained.

Everyone contributed to a pot luck luncheon that was served at noon and enjoyed by all who were not seasick.

Clara took 100 feet of moving picture film of the "expedition to foreign waters."

The Gateway club of Chicago held an all-day outing at Chain O' Lakes Country club Sunday. There were 270 players.

On Saturday, August 10, both the Abbott Laboratory and Johnson Motors employ groups from North Chicago and Waukegan will enjoy golf at Chain O' Lakes. The Abbott workers, who are holding their picnic at Sherwood's will have their golf in the morning. In the afternoon the Johnson Motors group will enjoy golf.

A number of tournaments are coming up during August. During the third week in that month, the Lumbermen's semi-annual regional tournament will be held. The Lumbermen held their spring tournament at the club in June.

Drum Corps Receives Many Invitations to Play

The Antioch Sons of the Legion drum and bugle corps will take part in the parade at the Wisconsin State American Legion convention in Kenosha, Monday, August 12. A message of thanks for Antioch's co-operation has been received by Otto S. Klass, adviser to the corps, from Paul M. Saftig, president of the Kenosha convention committee.

The boys will play at the Kenosha County fair at Wilmet, Tuesday morning, August 6, at 10 a. m., and at the "Lake Villa Days" celebration Sunday.

MODERNIZE YOUR MECHANIZED EQUIPMENT WITH CHEVROLET TRUCKS

at today's low prices!

YOU KNOW THE LEADER IN TRUCK SALES MUST BE THE LEADER IN TRUCK VALUE

Truck buyers are careful buyers—they thoroughly analyze and compare all types of trucking equipment—they want to make certain that they'll get the make and type of truck best suited to their business requirements.

It is a significant fact that more truck users choose Chevrolet than any other make of truck . . . because Chevrolet trucks could not have established their record of leadership in 1940 and maintained it for six out of the last eight years had it not been that Chevrolet trucks deliver more dollar-for-dollar value than any other make.

All models and types of Chevrolet trucks may still be purchased at today's low price levels, so it would be wise to consider replacing some of your trucking equipment with new Chevrolets now.

TRUCK OWNERS WANT FACTS...CHEVROLET GIVES

Certified Proof!

On the longest test run ever conducted under the supervision of the American Automobile Association, a stock Chevrolet 1½-ton truck turned in a marvelous performance and economy record. The facts of this test run are clearly outlined in an interesting booklet entitled "Says Who?" You may obtain this booklet from your Chevrolet dealer or by writing to Chevrolet Motor Division, General Motors Sales Corporation, General Motors Bldg., Detroit, Michigan.

Congressional Attention Centers On Plan for 'Peacetime Draft'; Air Battles Rage Over England

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.)
Released by Western Newspaper Union.

Now that Lithuania, Latvia and Estonia have ended their 22-year independence by voting themselves into the Soviet Union the influence of Russia turns in a new direction. Reports indicate that Moscow is interested in seeing a "popular government" set up in Rumania and some sources claim that King Carol is said to be preparing a shift away from the Nazi-like cabinet of Ion Gigurtu. Is the bear's paw reaching out for another "grab"?

U. S. DEFENSE:

Fall In

With legislation still pending before congress for the first United States military draft since World War days, the army has announced its preliminary plans for a citizens' training program, should the Burke-Wadsworth compulsory military training bill become a law.

Testifying before the house military affairs committee, Brig. Gen. William E. Shedd, assistant to the army chief of staff, declared that if the conscription legislation passed, training for 400,000 men would begin on October 1, this year, and for 400,000 more next April 1 and an additional 600,000 October 1, 1941.

Registration of all U. S. male citizens between the ages of 18 and 64 would take place September 1, this year but only those between 21 and 45 would be liable for active service. The other age groups would be used for home defense purposes. First draft would probably call to the colors men without dependents between the ages of 21 and 31. General Shedd said flatly in part of his testimony that "never in time of peace" would legislation require men with dependents to enter military training.

While the senate military committee started the compulsory training legislation on the road with a decided majority for the approval of the measure a real legislative fight looms on the floor of both house and senate. Typical of the opposition faced by the measure is the attitude of Senator Norris (Ind.-Neb.) who has raised his voice against the legislation with the statement it would gradually transform the United States into an "international bully" bent on the destruction of other nations.

Only present member of the senate who voted against U. S. entrance into the World War, Norris claims that the effect of military training on American youths would have a tendency to make them eventually recognize no ideal "except that of military force."

NAMES

... in the news

Haile Selassie, long a name-in-the-news while his native Ethiopia was under invasion by Italy's Benito Mussolini, popped back into the spotlight with the announcement that he was returning to Africa from London to direct his nation's fight for freedom.

When told that an Italian had quoted him as saying that Britain would lose the war, George Bernard Shaw, world-famous author, bristled, branded the story as untrue, burst out with the statement that "I don't know whether Britain is going to lose the war, even with the help of God."

Communists and Bundsmen were scored by FBI Chief Edgar J. Hoover, speaking before the New York state convention of police chiefs. The top G-man declared that this new enemy "is far more crafty, scheming and despicable than the kidnaper, the highwayman or the burglar."

Henry Morgenthau Jr., secretary of the treasury, made things easier for U. S. citizens who file income tax returns, with the order that henceforth the duplicate, or "green copy" of the return would not be required.

THE WAR:

'Dice Are Cast'

When England's foreign secretary Viscount Halifax replied to Adolf Hitler's "last chance peace offer" he left very little doubt as to the firm intention of the Churchill government to resist until the last any attempted invasion by Germany, for in part of his address he declared: "... we realize that the struggle may cost us everything, but, just because the things we are defending are worth any sacrifice, it is a noble privilege to be the defenders of things so precious ... we shall not stop fighting until freedom for ourselves and others is secure."

Back came Berlin with bombs plus bombast. As widespread aerial raids were launched up and down the British coast, official German circles let it be known that the talking was over and henceforth "facts must now speak."

Just what shape these "facts" would take was not announced by the Nazi high command but London believed that a "stagger system" of increasing air and naval attack day by day until it would be capped by a general offensive in conjunction with a wholesale attempted landing of troops would be attempted by Hitler's forces.

Cost of War

England's biggest wartime budget was announced as the heaviest taxes in British history were introduced to meet the demands of the government's war program.

Income taxes were boosted to 42½ per cent and experts declared that this in connection with other increased taxes would demand that Britain surrender almost 70 per cent of all normal income to finance the fight against Germany and Italy.

U. S. residents of those states imposing a sales tax of 2 and 3 per cent who are inclined to grumble as they lay down the pennies may take whatever comfort they can from the news that the British now pay a "purchase tax" ranging from 12 to 34½ per cent on entertainment, beer, wine and tobacco. Rate on non-luxury items is 12 per cent of retail prices.

POLITICS:

No Moth Balls

While the bunting of both major political conventions is safely packed away in moth balls for another four years, the 1940 presidential campaign is beginning to warm up and is taking on the aspects of the most spirited campaign contest since Woodrow Wilson defeated Charles Evans Hughes in 1916.

Biggest news on the Republican front is the announcement that Wendell Wilkie has chosen August 17 as the date and Elwood, Ind., (his birthplace) as the place, to be officially notified that he is the G. O. P. presidential nominee.

Out in Wyoming, the man who "is glad to run" against Franklin Delano Roosevelt turned his vacation into a campaign trip and started a series of personal appearances throughout the wild and politically important West.

Wilkie also announced the formation of a committee of four Democrats and former New Dealers who have broken with the President to lead a national campaign which would enlist Democrats and independents in the support of the Republican ticket next November.

Pulpit or Bullet

News from London reports that members of the House of Lords and Commons, doctors, lawyers and ministers are being put through their paces as members of the local defense volunteers. Dr. Jocklyn Perkins, sacrist to Westminster Abbey, is shown here being instructed in rifle drill by a member of the local defense volunteers.

PAN-AMERICA:

Hull in Havana

As representatives of the 21 American republics gathered at the Havana, Cuba, conference were threshing out their problems of (1) European colonies in the Western hemisphere, (2) fifth column activities and (3) relief for disrupted economic systems resulting from Europe's war, principle challenge to United States leadership in a program of unified activity came from the Argentine delegation.

Secretary of State Cordell Hull outlined the program advocated by the United States which calls for immediate financial aid to any country in need of it (congress was speeding work on a \$500,000,000 fund to aid Latin-American countries whose markets had been lost because of the war), diplomatic and consular planning aimed at suppression of subversive and fifth column activity and a joint trusteeship of foreign-owned possessions in this hemisphere by all of the American republics.

Argentina particularly objected to the latter suggestion for that country has some very definite ideas about the British Falkland islands, and in case of England's defeat by Germany would prefer actual possession of them rather than a joint rule with 20 other nations. Venezuela would like the Netherlands East Indies and Guatemala is reported to have designs on British Honduras.

Main reason that the Argentine delegation was hesitant to immediately fall in line with any proposal that might be construed as a slap at the dictators was because of the effect upon her future trade relations with Europe.

BUSINESS:

Pile Up

As numerous mills and factories continue to run at the highest levels since 1929, orders for defense goods are piling up much additional business for U. S. industry.

Since the beginning of the government's preparedness program, over one billion dollars in army and navy contracts have been awarded and while little cash has actually been expended these orders and those placed by the British government in this country are directly responsible for the current climb in business indices.

Defense projects, including shipways, ammunition and fuel storage facilities, barracks, explosive plants, machine shop extensions, addition to orders for airplanes constitute the major factors in the general rise of business activity.

Other business firms of a non-military nature seem to be following the general trend of the "war-babies." For example, as the motor car industry reported that sales are unusually high for this season of the year, Schenley Distillers corporation (liquor) announced that net earnings for the first half of 1940 were up almost 50 per cent over the comparable period of 1939—returning \$1.44 per share on common stock as compared to 78 cents last year, and Brunswick-Balke-Collender company, maker of billiard and bowling equipment, reported a very similar increase in business by showing a net profit of 87 cents a share for the first six months of this year as compared with 45 cents in 1939.

MISCELLANY:

'Great I Am'

Twenty-four leaders of the "Great I Am" cult were indicted by a Los Angeles federal grand jury on charges of a \$3,000,000 mail fraud. The indictment charges that the cult sets itself up as a charity organization but actually defrauds those who contribute to it. The cult has claimed a million members throughout the country and was founded in 1930. Its founder, George Ballard, died last December.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL Lesson

Lesson for August 4

THE TWO WAYS

LESSON TEXT—Psalm 1: Matthew 7:21-27.
GOLDEN TEXT—For the Lord knoweth the way of the righteous; but the way of the ungodly shall perish.—Psalm 1:6.

The most important thing in life is living. That is not an attempt to make a striking statement, but a sincere effort to present a fact which too often escapes our attention. We are so concentrated upon making a living, or making money, or making a name for ourselves, that we often fail to make a life. God is more concerned about what we are than what we do.

There are only two ways—the right way and the wrong way. We build our life either on the true foundation or the false. There is no middle way, no half-good foundation. We must choose, and it is either one or the other.

I. Two Roads (Ps. 1).

Scripture is not at all concerned about mixing figures of speech, so long as the truth is graphically expressed and fully understood. Here it speaks of a man walking in the way, a tree planted by a river, the chaff of the threshing floor; and then returns to the figure of walking in the way. All of these present the same truth, for essentially the idea is that of the two ways in which men walk.

1. Choosing the Way (vv. 1, 4, 6). Even the choice of his way of life marks a man as either blessed or wicked. Some seem to think that they can choose or just drift into the wrong way and still have hope that all will be well. Their choice, or their failure to choose, has put them in the one class or the other.

Making a choice is a vital and serious matter. Let us do it carefully. Walking in the counsel or philosophy of the wicked soon results in a man lingering in the way of sinners, and before he is aware of it he will find himself so at home, that he will sit among them and scoff.

2. Continuing in the Way (vv. 2-4). The man who will permit the law of God to control every detail of life night and day will never go astray, but will prosper in everything he does. Observe that to prosper does not necessarily mean to have money, position or recognition in this world. It means to be a success in the thing which God has given one to do.

Much that this world calls prosperity is nothing but an empty show, while at the same time some lives which the world says have been wasted are prosperous in the sight of God because His will has been done.

3. At the End of the Way (vv. 5, 6). Every road of life comes to an end. "It is appointed unto men once to die, but after this the judgment" (Heb. 9:27). Ah yes—the judgment—what will it be in your life and in mine?

The wicked cannot stand in the presence of the divine Judge. All the bold front and boastful talk which went over so well before men, loses its flavor and the wicked man can only expect judgment. It is a dark and dreadful scene, but man need not go in the way which ends there, but may turn to God in faith and repentance.

II. Two Houses (Matt. 7:24-27).

Two men build houses evidently much alike, but we find that there is a great difference between them.

1. The Builders (vv. 24, 26). "Wise" and "foolish" are the builders, and what made them so was their choice of a foundation. No matter how brilliant a man may seem to be in the learning of this world, if he rejects God's Word he is foolish and bound to suffer the loss of everything.

2. The Foundations (vv. 24, 26). The foundation of life is really everything. Built on the sands of human philosophy or personal desire and in the rejection of God's will, man prepares only for disaster. But—and here is a glorious thought—the Son of God says that if a man will hear His sayings and build on them, no storm can destroy his building. Blessed assurance!

3. The Testing (vv. 25, 27). The time of testing always comes. It may come early in life, or it may be delayed, but be certain that it will come. To the believer in Christ it is only that—a testing, to prove it is only that—a testing, to prove that his house will stand. But to the one who has rejected Christ the sting time brings dreadful destruction.

Model Home - - -

(Continued from page 1)
remodeling job. Through the Guildway plan, as explained by Mr. Vos, it is as easy for people to build and pay for a home, or to modernize their existing home as it is for them to buy an automobile or anything else. The job is sold as a package with the price known in advance.

Among the many new structural features in the Guildway home here, besides complete insulation against winter cold and summer sun, is the use of other protection against fire, weather, and wear. The fireproof, asbestos materials used on the exterior of the home, for example, will be practically free from maintenance and will never need paint to preserve them.

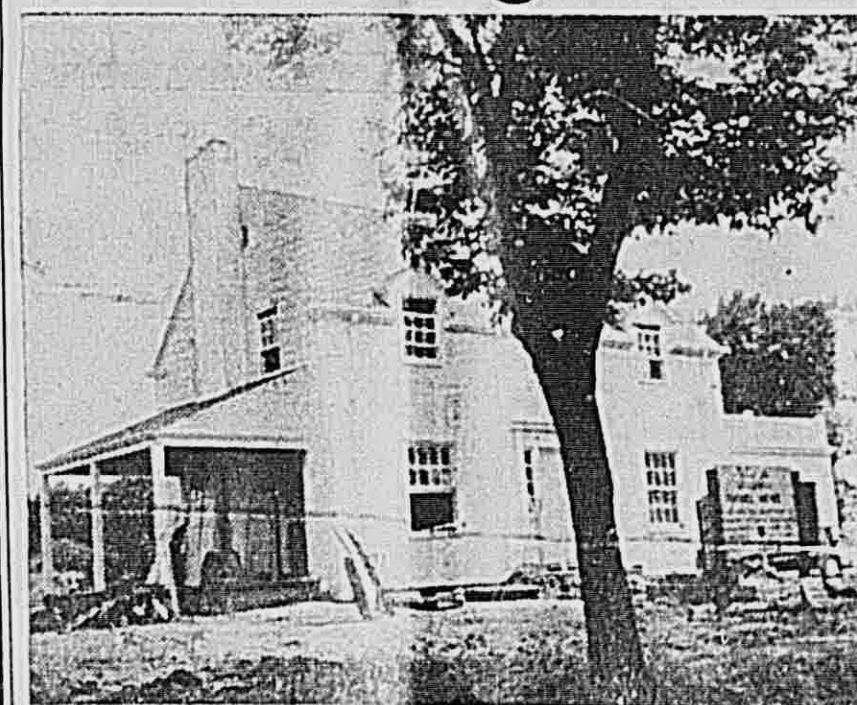

Visitors to the construction site are welcomed during week-ends, according to Vos. A trained representative will be on hand to answer questions and explain the home to those interested.

Weather-Seal Windows
The Morgan Weather-Seal windows in the (Johns-Manville) model home are drawing many favorable comments from those who have inspected this new home, says Mr. Vos of the Antioch Lumber & Coal Co., with aluminum alloy material that never rusts, oxidizes or turns black, these windows operate with ease. The conventional sash cord or chain and weights for balancing the sash, have been eliminated and instead the sash are balanced with an ingenious device which is concealed in the side of the sash. This eliminates from view weights, cords or tubular rods such as are sometimes employed and adds to the neatness and attractive finish of the interior.

The windows, inclusive of the frame, are toxic treated against decay. The quality of material used throughout and the precision machining of the component parts assure generations of satisfactory service.

Come to see Tomorrow's House Being Built!

Located at 415 Hardin, Antioch, Ill.
It's the new Guildway House featuring the Johns-Manville Principle of Triple Insulation*

A CHARMING HOME to look at, isn't it? But the difference between this house and others—and a mighty important difference, too—is one that you can best see during construction. So stop by today and take a few minutes to inspect it.

Then you'll realize why this is tomorrow's house . . . protected against fire, weather and wear by the use of modern J-M materials.

Before you build or buy a house be sure to see this 1940

Guildway Model Home. Learn About Other Guildway Houses

Let us show you sketches and floor plans of other attractive houses by local and nationally prominent architects. We can help you decide on just the right house to fit your family requirements—and your pocketbook. The Guildway method makes it easy and simple to build and own a home—and Johns-Manville engineering standards protect you against fire, weather and wear!

*THESE DIAGRAMS TELL WHAT TRIPLE INSULATION MEANS

Triple Insulation means a house that has been "insulated" or protected against fire, weather and wear with these three J-M materials:

1. Asbestos Shingles on the roof and Asbestos Siding provide a fireproof, lasting exterior.

2. Rock Wool Home Insulation in walls and attic protects against winter cold and summer heat, and gives added protection against fire.

3. J-M Stacker Plaster Base retards the spread of inside fire and reduces plaster-upkeep expense.
